BrewerAccess High-Low EXAM TABLE

Designed to take patients to a new height of care.

Chair

Table

- Chair-to-table design effortlessly takes patient from consultation to examination
- 18" low height for easy and safe patient transfers
- Return to chair feature easily takes table back to chair position in one simple step (on power back model only)

- Standard grab bars provide patient added safety and comfort
- Provides patients a stable and secure grab point to use when getting on and off table
- Conveniently swings out for lateral wheelchair transfers
- Easily removable
- Standard on all models

- Abundant storage capacity
- Patented pass-through side drawers allow left or right access
- Eliminates right or left hand setup problems
- Additional spacious front drawer
- Convenient covered paper roll storage holds up to six rolls
- Cover keeps paper rolls clean

- Pass-through work surface pulls out on right or left side
- Saves space by eliminating the need for additional stands or trays
- Perfect for charts, instruments, procedure preparation, or portable computer

- Comfortable, ergonomic upholstery
- Easy to clean surface; seamless design

- Intuitive foot control
- On / off switch (located on the back of table) allows table's foot control to be disabled and prevents patients and / or children from moving table

- Extendable, adjustable ergonomic stirrups

6500 model in premium plush upholstery (Mocha) above

Brewer's unique approach to product development is centered on researching the needs of healthcare professionals and their patients.

Before a design begins, we spend countless hours talking to doctors, nurses, and patients to understand what is most important to them.

The result is a superior product that delivers the exact features needed to transform the exam room into a safe, efficient, and comfortable environment. We invite you to discover the difference...
